Re: Request for Information for the Jackpile-Paguate Superfund Site

Dear Ms. Kezos:

On September 15, 2010, the U.S. Environmental Protection Agency (EPA) received your "Initial Response to EPA 104(e) Request and Request for Extension of Time" on behalf of the Atlantic Richfield Company. In the letter you provided information regarding potentially responsive information that was previously transferred to the Pueblo of Laguna and requested a third extension to respond to the Jackpile-Paguate Superfund Site 104(e) Information Request. The deadline had previously been extended to September 24, 2010.

An extension to November 8, 2010, has been granted. If you have any further questions, please contact Mr. Shade at (214) 665-2708 or shade.kevin@epa.gov. Thank you for your attention to this matter.

Sincerely,

Sing Chia, Acting Associate Director
Technical and Enforcement Branch
Superfund Division
